

Landfall Council of Associations Hurricane Preparedness

The attached general information is furnished for your use in the event a hurricane strikes Wilmington.

Recommendation to evacuate will be made by the New Hanover County Emergency Management Department. This recommendation will be broadcast over radio and television.

In the event you leave prior to the storm, it is recommended you turn off the water outside the house and turn off the main breaker in the electrical panel.

Fill out the attached Hurricane Preparedness form and the Special Assistance form, if applicable, and return it to the Landfall COA office.

The COA has set up a special group to respond to requests for information on property after the storm passes. Information cannot be secured until the storm passes, and the roads are cleared and drained. Homes and lots can only be inspected during daylight hours. All requests for information should be made to (910) 256-7604. The information service will begin to function no later than noon of the day after the storm passes.

Guests staying in Landfall after moving from their homes due to hurricane warning or damage should be registered on the attached form. Guests and residents are requested to stay in the home until roads can be cleared and drains re-opened. Numerous yards and road shoulders have been badly damaged by sightseeing motorists running around flooded roads. Minimizing traffic will speed clean up operations and reduce chances of personal injury. When guests leave, Security should be notified. Guests should be encouraged not to wait until the last minute as the gates will be closed when it is no longer safe for Security personnel to operate. After the hurricane has passed, guests should be discouraged from visiting until clean-up has been completed.

Our number one priority is safety. Thank you for your cooperation and understanding.

LANDFALL COUNCIL OF ASSOCIATIONS, INC.

TO: Landfall Residents
FROM: Chris Adam, Chief of Security
RE: Hurricane Preparedness

Upon the issuance of a hurricane watch by the National Weather Service, Landfall Security requests all resident property owners furnish the following information in the event of a possible hurricane warning. We are requesting this information so that we will be able to better account for your whereabouts before, during, and immediately after the storm. Please print clearly and return this form to the Landfall COA office.
